OVERVIEW

The Julio Tavaréz Civic Association is a non-profit corporation whose mission is to empower the 5th Ward community to become active participants in the positive transformation of the 5th Ward and the whole City of Paterson using the **Collaboration Model** developed by Councilman Julio Tavaréz. In order to achieve this transformation, we developed seven (7) initiatives that will allow us to focus our energy in resources in the most efficient and effective way.

COLLABORATION MODEL

Collaboration is key to all of the community's activities. As you can see, it is the base of the Model and therefore it is crucial for this model to be successful. Collaboration is characterized

by multi-way relationships in which the community stakeholders form partnerships to yield mutually beneficial outcomes. Community stakeholders include residents, non-profit organizations (churches, schools, etc), government agencies, and businesses. Bringing all stakeholders together to listen and work on solutions to problems that affect us all, we are able to engage the community to identify priorities, expectations and attitudes; build relationships which is about creating long-term partnerships; this will lead into community development which is about implementing initiatives and responding to the needs of residents, Non-profit organizations, and

businesses; while at the same time, contributing to the economic, social, cultural and sustainable development of the 5th Ward and the City of Paterson. This will foster a sense of community ownership – Paterson is our home and we want to take care of it.

It takes dedication, responsibility, determination, accountability, professionalism, integrity and ENERGY to develop the Community Collaboration Model. This is what is lacking in the 5th Ward, what we need and what The Julio Tavaréz Civic Association, Inc. plans to bring to our city via our collaborative efforts.

• Keep Paterson Clean Project

The “Keep Paterson Clean” Project was started by a resident of the Lower Eastside Neighborhood in the 5th Ward – Mike Wilson. You can read how it began by clicking [here](#).

The concept of the project is to emulate what Mr. Wilson has been doing around his block in the Lower Eastside Neighborhood and spread it throughout the other neighborhoods of the 5th Ward.

The Project is comprised of four (4) components:

- 1) Picking up Litter – randomly select problem areas and conducting clean up days.
- 2) Education – informing residents/business owners how litter affects their lives/business and what they can do to make their neighborhood a cleaner and safer place to live and conduct business.

3) Litter Marshall Program – modeled after Fair Lawn’s own “Litter Marshall Program”, the program allows individuals to seriously commit to make the 5th Ward and the City of Paterson a clean and litter free place to live.

- 4) Signage – reproducing Mr. Wilson’s “Help Keep Paterson Clean” signs and place them in key locations throughout the 5th Ward.

We conduct four (4) cleanup operations on a yearly basis: Here is the schedule for this year’s clean up operations:

- 1) Saturday, April 24th, 2010
- 2) Saturday, May 22nd, 2010
- 3) Saturday, June 19th, 2010
- 4) Saturday, September 18th, 2010

We are in the process of developing a strategy for the Anti-Crime Collaborative and are looking for community minded individuals that would like join us in this great endeavor.
